### 1. REQUEST A TEAM

To get started, you will need an account on OpenETC and a team name.

Request via [T&L/IT Support Portal](#) with

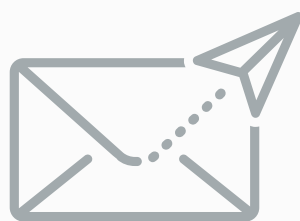

**1** name of team (15 characters max) and **2** name & email of the team owner.

### 2. JOIN TEAM VIA EMAIL NOTIFICATION

Once your account and team has been created, you will receive an email notification to access your account and join your team.

Click on ["Join Team" in the email](#) to access your team for the first time.

### 3. INVITE YOUR STUDENTS TO YOUR TEAM

Once you are in your team, you will need to invite your learners to create an account and join your team. Follow [step-by-step instructions here](#).

### 4. DONE. CUSTOMIZE YOUR TEAM!

Once your students have joined your team, you can start customizing your team to your needs. Read the [User guide](#) to learn more.
